EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Todd Parkhurst on 26 January 2006.

The application has been amended as follows:

- Cancel **claims 1-12**.

Allowable Subject Matter

2. Claims 13-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 13-16, the prior art of record fails to show or fairly suggest placing a "semi-mirror" within the optical path between the "aperture and the sensor" allowing a "light source" to emit a light beam at the "semi-mirror" which, upon reflection, follows the optical path to the aperture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
